

# Discussion Guide

This guide is meant to help you and your colleagues get more from IBDIQ videos. By concentrating on one chapter at a time and using these questions to spark discussion/reflection, you may discover new ways to support patients with IBD.

## PART OF THE IBD PROJECT

- 1 What were your main takeaways from the IBDIQ video that is the focus of today's conversation?
- 2 How do your own clinical experiences align with or differ from the insights shared in this video?
- 3 What new insights or perspectives did you gain regarding IBD?
- 4 How might you incorporate what you've learned into your clinical practice to inform patient care?
- 5 What questions do you still have about this area of IBD?
- 6 How might you seek answers to those questions?
